Cleanroom Tablet – discover the power of CleanTablet

Cleanroom Tablet – discover the power of CleanTablet

Highlights

The first GMP compliant tablet with real cleanability and true mobility for cleanroom operation. Very easy to clean and disinfect due to complete smooth surfaces without any openings or crevices where unwanted contaminants can accumulate. Suitable for repeated cleaning cycles withstanding all known cleaning agents and disinfectants.
Blue Line's unique concept enables full digitization of workflows in cleanrooms and similar demanding environments. Improve productivity with full mobile access to data everywhere. Read standard operation procedures and perform quality assurance where it is needed.

Cleanroom Tablet – discover the power of CleanTablet

Designed to improve daily working of operators by unsurpassed ergonomics and compatibility with up to 3 layers of nitrile and neoprene cleanroom gloves.

The lightest and thinnest cleanroom tablet ever on the market. Best-in-class ergonomics with compact dimensions and low weight, up to 60% lighter and 60% thinner than competing tablets.

More levels of hardware performance and configurations make it easy to meet your requirements whether used for supporting standard operating procedures, quality assurance or demanding enterprise applications.

Charging and USB connectivity through easy-to-clean flush mounted magnetic connector, designed for use in all cleanroom grades. External devices are connectable wired with USB-cable or wireless via Bluetooth. Examples of wireless devices are hygienic barcode scanners and headsets for communication in/out of the cleanroom.

The Cleanroom Hub is the ultimate solution for charging and wired connectivity. With 1 Ethernet and 3 USB connections, it offers seamless and simultaneous connectivity. Designed for easy and safe use, it comes with an integrated stand that allows for both horizontal and portrait modes, making it perfect for desktop use. It's also enclosed in a cleaning-friendly IP65-proof casing, ensuring that it's always clean and safe to use.

• GMP compliant for use in Cleanrooms / Life Science / Biotech / Pharma

• Up to 60% lighter and 60% thinner than competing tablets

• 10.5" and 13" multi touch display operable with up to 3 layers of nitrile and neoprene cleanroom gloves

• Easy-to-clean design with smooth unbroken surfaces without any openings

• Withstands all known detergents such as iso-propyl alcohol, non-deionized water, VHP, Hydrogen peroxide (H2O2), Spor-Klenz™, Klercide, Actisan, LpH®, Vesphene® and more

• Wireless connectivity with WIFI 6 and Bluetooth 5.1(10.5") / 5.3(13")

• Optional wireless hygienic barcode scanner

• Magnetic connector designed for all cleanroom grades

• Optional USB data cable for wired external devices

• Optional Nymi ready - integrated reader

• More hardware configurations available

Specifications

Cleanroom Tablet – discover the power of CleanTablet

Model Type

Cleanroom Tablet

Ingress Protection

IP65

Construction

Detergent resistant engineering polymer casing

Environment

Operating temperature   0°C to +35°C

Operating System

Windows 11 Pro license included

Hardware Configuration

Model 5-105 (10.5")	Processor: Intel N200 processor
	RAM: 8GB
	Storage: SSD 128GB
Model 22-13 (13")	Processor: Intel Core i5 processor
	RAM: 8GB
	Storage: SSD 256GB
	Room for magnetic light weight touch pen

Cleanroom Tablet – discover the power of CleanTablet

Model 21-13 (13")

Processor: Intel Core i5 processor

RAM: 16GB

Storage: SSD 256GB

Room for magnetic light weight touch pen

Model 23-13 (13")

Processor: Intel Core i5 processor

RAM: 8GB

Storage: SSD 256GB

Room for magnetic light weight touch pen

Nymi ready - integrated reader

Model 24-13 (13")

Processor: Intel Core i5 processor

RAM: 16GB

Storage: SSD 256GB

Room for magnetic light weight touch pen

Nymi ready - integrated reader

Graphic Controller

10.5"	Intel UHD Graphics 615
13"	Intel Iris Xe Graphics

Display

10.5"	1920 x 1280
13"	2880 x 1920

Brightness

10.5"	350 nits

13"   600 nits

Pointing Device

Projected capacitive multi touch operable with gloves

Tested with up to 3 layers of nitrile and neoprene cleanroom gloves

Input / Output

10.5"	1 x WIFI 6
	1 x Bluetooth 5.1
	1 x Interface for charging (included) and USB A connectivity (via optional cable)
	1 x 5.0MP front-facing camera with 1080p FHD video
	1 x 8.0MP rear-facing autofocus camera with 1080p FHD video
13"	1 x WIFI 6
	1 x Bluetooth 5.3
	1 x Interface for charging (included) and USB A connectivity (via optional cable)
	1 x Front-facing camera with ultra-wide 1440p Quad HD camera lens
	1 x 10.5MP super high-resolution rear-facing camera

Power Supply

AC adapter and 2-meter cable from AC adapter to the magnetic connector included

Dimension and Weight

Cleanroom Tablet – discover the power of CleanTablet

10.5"	H 209 x W 284 x D 10.7mm	0.770kg
13"	H 245 x W 327 x D 11mm	1.20kg

Accessories Optional

Data cable for USB-A connectivity - Magnetic to 1x USB-A female adaptor 10cm cable

Holder for desktop, wall or supporting arm - stainless steel 316L

Swingarm mounting

Touch pen - magnetic and light weight including silicone tip

Silicone tip - replacement kit for touch pen, 3 pcs

Barcode scanner connectable via Bluetooth

Cleanroom Bluetooth Keyboard

Warranty and After Sales Support

Standard 1 year (option for 2 years)
