The Cleanroom Hub

Highlights

Discover The Cleanroom Hub - the ultimate solution for your cleanroom tablet. It provides efficient charging and wired connectivity in sterile environments. Featuring 1 Ethernet port and 3 USB ports, it allows you to connect multiple devices simultaneously without compromising speed or reliability.
When paired with the Blue Line Cleanroom Tablet, The Cleanroom Hub delivers a complete, integrated workstation solution. The cleanroom hub ensures fast charging and reliable wired connections, while the tablet provides an intuitive user experience in sterile environments. Together, they reduce cable clutter and minimize contamination risk – making your workflow both safer and more efficient.

The Cleanroom Hub

The integrated stand supports both horizontal and portrait orientations, offering maximum flexibility on your workspace.

Enclosed in a robust, IP65-rated casing, the cleanroom hub is easy to clean and always safe to use, making it perfect for laboratories and cleanroom settings.

Want a complete workstation? You can purchase a compatible keyboard and mouse separately to use with your hub. Easily connect and enjoy full control and productivity.

- 1 Ethernet port and 3 USB ports for seamless wired connectivity
- Integrated stand supporting both horizontal and portrait modes
- IP65-rated, cleaning-friendly enclosure for optimal hygiene
- Supports simultaneous charging and data transfer

Specifications

Model Type

Cleanroom Hub
